BROKE WORLD'S RECORD FOR DISCUS-THROWING

Was Put 138 Feet 3 Inches Yesterday By Martin Sheridan.

(By Associated Press.) NEW YORK, October 15.—Martin J. Sheridan, of the Irish-American Athletic Club, all-round champion of America, beat all records at throwing the discus to-day, establishing a new world's record of 138 feet 3 inches. This throw was made at the games of the Irish-American Athletic Club at Celtic Park, Long Island City, and was witnessed by over 4,000 spectators. Sheridan beat his best previous record of 133 feet 11-1/2 inches twice, his first throw being 135 feet 1 inch, and on his third attempt he made the longer distance.

One of the features of the game was the appearance of J. W. Morris, of the South London Harriers, England's champion sprinter. He failed to qualify in the 100 yards handicap from scratch, as he finished third in his trial and winners only qualified. There was a special handicap dash at 120 yards, in which he was limited to five feet. The British runner won this event in twelve seconds, beating Lawson Robertson, of the Irish-American Athletic Club, to whom he was conceding three feet, by two yards.

On Wednesday at Broad Street the Randolph-Macon eleven will meet the seven from the Virginia Boat Club of Richmond. The locals have a strong team, and the line is said to be as solid as a rock. The over-the-fence hitter of base-ball fame, is playing full back for the boat club eleven, and is said to be making an excellent reputation as a gridiron warrior. No less energetic a football is he than when on the diamond.

Handolph-Macon will play the V. M. I. in Lexington to-day.

Bank Robbers Sentenced (Special to The Times-Dispatch.) CHARLOTTE, N. C., October 15.—A special to the Observer from Lancaster, Pa., says that the first in the case of the State against Fisher and O'Day, the Heath Springs bank robbers, brought in a verdict after an eight-day trial, finding both guilty. The judge heard the verdict and will impose sentence to-morrow.

(By Associated Press.)

ST. LOUIS, October 15.—The St. Louis American League baseball team to-day won the St. Louis championship by twice defeating the Nationals. After apparently being hopelessly beaten, the St. Louis Americans came from behind with a rush in the eighth inning of the first game to-day and defeated the Nationals 7 to 6, tying the inter-league championship series 3 to 3. The second game, made four games won by the Americans, was called at the end of the sixth inning on account of darkness. Attendance, 18,000.

Number of Great Foot-Ball Games Yet to Be Played Here.

GEORGETOWN AND CAROLINA These Crack Teams Will Meet Here November 4th—The Thanksgiving Game.

(By Associated Press.)

Foot-ball enthusiasts in Richmond will be given an opportunity to witness three other great gridiron contests here before the ending of the season. And in addition to these there will be several minor games which will prove of interest to the hundreds who follow the padded warriors.

The Virginia Polytechnic Institute will end a strong team here on the 28th of the month to meet the eleven from the University of North Carolina. This game will be witnessed by an equally as large crowd as the one which saw the Indians and the Virginia boys tussle for victory last Saturday. The showing made by the V. P. I. eleven in the game Saturday against the West Point gladiators strengthens the belief that North Carolina will have to put up a very good fight to wrest the game from the Blacksburg eleven. Carpenter, perhaps the greatest foot-ball man in the South, will play half back for the Institute team, and his work this season is said to be far above that he has done in any previous game. It was due to his efforts to a large extent that the West Point men were defeated in the game Saturday. Like a battering ram he went through the line and hit the ends for

ENGLISH FOOTBALL GROWS IN FAVOR

This Attractive Game Already Has a Hold On the Eastern Cities.

ENTIRELY FREE FROM DANGER Loss of Life in It Not Possible. Bob Fitzsimmons' Announcement.

(By Associated Press.)

SALT LAKE CITY, UTAH, October 15.—J. Morgan, an enthusiastic association football expert, in a recent interview on this popular English sport, said so many good things regarding association football, that they deserve wide circulation. In part he said:

"There is no mistaking the fact that this attractive game is rapidly gaining headway on the American continent. It has already got a firm hold on the Eastern cities, and Harvard, Haverford and several of the Eastern universities and colleges, have at last adopted the game, and by next year a strong college league will be formed. The game is not only suited for the fall of the year, but for the early spring months, and the playing of 'soccer' during those months will put the players in good condition, both for football when the season opens, track and field events, and more especially cross-country running.

Good Player's Attributes

"The chief attributes of a good association player are speed, good wind and staying power, ability to control the ball when in motion, and these can be attained by the lightweight of 120 pounds as easily and as fast as by the heavy weights of 180 and up. It is a style of football, in which the small man has as good an opportunity of becoming a star performer as his heavier opponent, or team mate. A team of slim youths who combine well, granting that they possessed speed and understood both the long and short passing methods could challenge opponents no matter what their size or their weight. The advantages in the game are certainly on the side of the light men. Those who are not, physically strong enough to understand the rules of the rough Rugby game, which take up the 'soccer' code with avidity.

Free From Danger.

"The game is entirely free from
